

## First call for DAGENE Meeting 2020

09.01.2020, Budapest-Debrecen

**Dear DAGENE Members,**  
Dear Friends!

We hope all of you are doing great.

According to the kind organization achieved by Prof. Peter Chrenek our last Annual Meeting in Castle in Topolčianky, Slovakia was a great success with rich programs.

Let us inform you that our next Annual Meeting will be - as it is usually done - combined with scientific conference, and field trip in Austria again, in town Vienna in June.

(Assembly should be scheduled before May due to Hungarian law about civil organizations According to the Statutes of association, a member may also attend the Assembly Meeting by electronic means and exercise his / her rights [Conference Assembly]. Members will be informed later of the agenda and date of that Assembly).

The preliminary program for the upcoming DAGENE meeting is as it follows:

June 3rd 2020

Arrival 15:00 – 18:00  
to Thalheim - Vienna

June 4th 2020

9:00-16:00  
Opening of Annual Meeting at the University of Life Sciences, Vienna  
Presentation of scientific papers and posters.

June 5th 2020

9:00-15:00  
Technical tours (visit of Zoo Schönbrunn with the “Tirolerhof” – ex situ, in vivo presentation of rare Austria breeds)

We hope your presence and intensive common participation on this joint meeting will facilitate further networking. Do not hesitate to invite your colleagues as possible new DAGENE members to take part on it. Newer and more precise information as well as the registration form will be sent to every DAGENE members in the near future.

As an actual topic which would encourage colleagues in preparation of their papers will be:

*“Animal genomics for rare breeds”*

Our Journal (Danubian Animal Genetic Resources) has become a well-known landmark for all of us. This journal is waiting for manuscripts from all oral presentations of Annual Meeting (abstracts of poster presentations will be published in the conference brochure only).

At the same time, the journal does not refrain from publishing other manuscripts that have not been lectured since it is the official publication medium of DAGENE members. Allow us to remember you to prepare your papers according to the enclosed instructions [DAGR Journal Guidelines 2020.docx and DAGR Manuscript Example 2020.docx], and submit them also by 20.03.2020. Papers should be submitted in an electronic form to the President of Editorial Board, Prof. Ante Ivanković (aivankovic@agr.hr) and a copy to our secretary (postaj@agr.unideb.hu) as subject of e-mail is to be written "Dagene manuscript 2020"). Editors thank all authors, especially the newer members for their cooperation.

We wish you good health and time for preparation, and say thanks for your advices and cooperation also in advance.
